Re: Lee's Lane Superfund Site

Dear Mr. Merz:

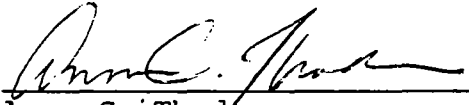

This will confirm our telephone conversation yesterday regarding MSD's review of EPA's proposed operation and maintenance plan. I understand that MSD has reviewed the plan and that you are now preparing written comments which you intend to submit to us by July 23, 1990. As I mentioned previously, because of EPA's contract commitments, it is most important that we receive MSD's comments by that date so that we can attempt to reach a resolution of any outstanding issues by early September.

We appreciate your efforts in this regard and look forward to working with you towards a resolution of this matter.

Sincerely,

Richard B. Stewart
Assistant Attorney General
Environment & Natural Resources
Division
